6 Course

Dukes (P), Egg (S), Brazil (P), then follow the channel course (see below), Q2(S), Jordans Spit(P), Bar(P), Q1(S), then follow the channel course (see below), finish (approx. 42 nm)

LYC Channel course

from Brazil/C22 to Q1/Q2 all channel marks (lateral and cardinal marks) must be left to the appropriate side. For lateral marks that means green to port, red to starboard. Crosby and Formby floats are not marks of the course. Yachts must pay close attention to commercial traffic in the channel and must keep clear.

A Yacht forced the wrong side of a channel buoy or using other means of propulsion to avoid commercial shipping or in an emergency, should continue the race and report details to the timekeeper on the declaration. They should re-join the channel course as soon as practical. The race Committee may impose a penalty if it is perceived the yacht used such a manoeuvre to gain competitive advantage after clearing the immediate danger

NOTE The race officer may elect to set a different course depending on the prevailing conditions on the day

NOTE the Liverpool 2 construction exclusion zone is believed to be no longer in force, however competitors are required to take note of Peel Ports NoM 2013/8. If present competitors must leave a yellow mark with St Andrews cross topmark (flag M) to Starboard before entering the channel and to port on leaving the channel. The mark if present will be in the vicinity of 053° 26.97'N 003° 01.31'W. If present competitors shall not enter the exclusion zone whose westerly edge is delimited from that mark to C22.

7 Finishing

- a. The finish line is the extension of the normal LYC line the outer end is delimited by drawing a line from Pluckington bisecting the line at 90 degrees. If in the skippers opinion it is not safe to do so they may finish leaving that delimiting line to port as close deemed in a seamanlike manner. In the event the race officer deems that yachts do not comply the yacht may need to defend its decision in a protest committee
- b. Yachts must announce their imminent finish to race control at least 10 minutes before expected finish on VHF CH37a / M1
- c. Yachts must complete the declaration and return it to the race officer or race captain within 48 hours of completing the race
- d. Time limit. All competitors must have finished by 21:30. The LYC prescription that racing must finish BEFORE sunset is waived for this race

- 8 Protests must be made in writing including the fee of £10 to race control or if this not possible, within 24 hrs of time limit to the race captain racing@lyc.org.uk
- 9 Retiring. Vessels retiring **MUST** report as soon as possible and before the expiry of the time limit. Failure to do so may result in unnecessary implementation of emergency procedures. Report to one of the following
